We regret to inform you that you did not pass the exam at this time. We understand how disappointing this can be, but please remember that this is just one step in your learning journey.

Here are some steps you might consider:

1. **Review Feedback:** Go through the areas where you can improve. Understanding where you went wrong will help in your preparation for the next attempt.
2. **Revisit Study Materials:** Take the time to go back to your study resources and focus on areas where you need reinforcement.
3. **Reach Out:** If you have questions or need clarification on specific topics, don't hesitate to contact us.
